Our services include early set-up and coordination with photographers and event coordinators to ensure a smooth and enjoyable music experience.

The DJ

My name is Tim Jaffe, Owner and DJ for Dance Floor DJs.

I have lived in the San Fernando Valley for 26 years. My DJ career began in my living room where I taught myself how to remix songs with one turntable and a dual tape-cassette player. I even created a remix of Frankie Goes to Hollywood's "Relax" that I submitted to DJ Richard Blade at KROQ 106.7 FM in Los Angeles. I began to DJ at school dances and parties in 1985. I continued to do many formal events and parties and in 1996, I started my own radio show called, "the Coast to Coast hip hop show", at L.A. Valley College. This show was a success on the local-college circuit and in 1997, I took the show onto the Internet. I had a live Internet video/radio show which displayed my DJ and MC talents.

I decided to form my own mobile DJ company because I saw an absence of quality in the DJ industry that I knew I could fill. I saw that many mobile DJs were not current on their music collection and did not have the knowledge of beat mixing to keep a dance floor packed.

I have many years of music coordination experience, I love music, and I look forward to working with you on your special event.

DJ Activities

My experience as a DJ is not just from parties and dances. I have 3 years experience in the record-buying industry when I worked for Tower Records/El Toro, CA as a singles buyer. I also have 12 years of experience as a musician, having been in a rap group called U.B.O.K., and two bands: Strange Fruit as a DJ; and Super Dank Brothers as a DJ and vocalist. I have performed on stage at some of Los Angeles's most famous clubs: The Roxy, Whiskey a Go-Go, The Troubadour, and the Key Club to name a few. I know how to get the crowd rocking and to keep them in a positive party mood.

Tim (aka DJ 3rd Degree) performs with Super Dank Brothers

So why choose Dance Floor DJs?

There are many DJs out there to choose from and many have professional websites and professional marketing tools. But the question is, will you get someone who is dedicated to the success of your event, a friendly, experienced DJ personality that blends in and gives you the professional music entertainment at an affordable price?

That is what you get with Dance Floor DJs.

It is my dedication and devotion to the industry, the music, and to you that sets me apart. I organize the details to make sure that your event is fun, and stress-free. I will communicate with you through the entire process to ensure that the music you want is exactly what you get. I will listen to what your needs are and arrange the entertainment to give you what you want. I am very personable, easy to talk with and am very knowledgeable about music so don't worry if you can't remember the name of the song you wanted, I can help.

With Dance Floor DJs, there is no need to worry about your music needs. Leave that to me.

"It is my dedication and devotion to the industry, the music, and to you that sets me apart."
